

87. 砂鑛區、坪數及鑛種別

Table with columns for '稼業' (Agriculture) and '休業' (Idle), further divided into '河川' (River) and '其ノ他' (Others). It lists mining areas and acreage for various years from 1905 to 1920, and a detailed breakdown by mineral type (sand, gold, silver, etc.) as of December 31, 1920.

88. 鑛夫現在人員及勞役延人員 (全國)

Table showing the number of miners currently employed and those on leave (labor extension) across different regions (Metal Mountains, Stone Mountains, Non-Metal Mountains, Sand Mines) from 1905 to 1920.

89. 鑛物產額及價額 (全國)

Table showing the production and value of various minerals (gold, silver, copper, lead, zinc, etc.) from 1905 to 1920. It includes columns for production amount and value for each year, and a total summary at the bottom.
