There will be absolutely no use of the results of this questionnaire for tax purposes or any other purposes other than statistical processing. Please answer to the questions to the best of your knowledge.

As this questionnaire is read by machines, please do not make stains on, or folding or rolling up.

How much was your yearly income for the past one year (from December 1998 to November 1999) including taxes?

- Do not include retirement lump sum and temporary earnings or receipts from the sale of the assets such as dwelling or land or stock and shares, from the inherited savings, etc.
- Enter the amount of income by its source for each household member who earns the income.
- Include in the head's earning if not ascertainable to whom the income attributes.
- Divide household members into two groups; those aged 65 and over and those under 65, and enter the total amount of income for each group.

Income source	① Household head	② Spouse	Other household members	
			③ Aged 65 & over	④ Aged under 65
